## The judgement of the « master »:

« Dear Pierre and Luc,  
I have tested out your new flute very thoroughly and have shown it to my colleagues of the Philharmonic Orchestra of Berlin, and the result was really amazing. Especially the body with fa# : what a sound !!! A good intonation and incredible dynamical acoustics. This instrument is without any doubt ideal for initiating young students in the study of the flute. Your new instrument is very beautiful, absolutely not expensive, strong and easy to maintain. One can put it in a sac or bag and take it with on vacation. Don't hesitate to use my opinion in your promotion. I am supporting you for 100% in this nice realisation. My sincere congratulations, Emmanuel. »
